Just a Kiss

Savannah Outen

Lying here with you so close to me It's hard to fight these feelings when it feels so hard to breathe Caught up in this moment Caught up in your smile

I never open up to anyone So hard to hold back when I'm holding you in my arms

We don't need to rush this Let's just take it slow

Just a kiss on your lips in the moonlight Just a touch of the fire burning so bright I don't want to mess this thing up I don't want to push too far Just a shot in the dark that you just might be the one I've been waiting for my whole life So baby I'm alright with just a kiss goodnight

I know that if we give this a little time It'll only bring us closer to the love we wanna find It's never felt so real No it's never felt so right

Just a kiss on your lips in the moonlight Just a touch of the fire burning so bright I don't want to mess this thing up I don't want to push too far Just a shot in the dark that you just might be the one I've been waiting for my whole life So baby I'm alright with just a kiss goodnight

No I don't want to say goodnight I know it's time to leave but you'll be in my dreams Tonight Tonight

Just a kiss on your lips in the moonlight Just a touch of the fire burning so bright I don't want to mess this thing up I don't want to push too far Just a shot in the dark that you just might be the one I've been waiting for my whole life So baby I'm alright

Let's do this right with just a kiss goodnight With a kiss goodnight A kiss goodnight
