Let It All Go

Saves the Day

You say I won't forget what you said to me. I won't forget you left, begging please don't leave. I want to know What in the world has happened to you? It's time to learn to let it all go.

So you're forsaken cast aside and alone Those haunted voices in your head are all ghosts So long ago Their sideways eyes cut through but you know That now it's time to let it all go.

You know that I love you And I can't stand living without you But I don't know what now I can do oh no no You gotta do something cuz you can't just keep it inside you it's killing me and killing you.

Please save yourself
I'd like to help
but you won't let me through
it's time to learn to let it all go.

You know that I love you And I can't stand living without you But I don't know what now I can do oh no no You gotta do something cuz you can't just keep it inside you it's killing me and killing you.
