

I saw you out  
And I'd be lying if I said that you still looked good  
Cuz you don't look good  
I dodged a bullet there  
That could have been me on your arm right where she stood  
Right where she stood  
I don't miss you. And I don't wish you would call  
I've been happy since the day we hit the wall

Cuz I don't have to wait around for you  
I don't have to change the way I am  
I don't have to cry myself to sleep  
And I don't have to hope you like my friends  
I don't have to cover up the bruises  
Baby, you're a liar and a user  
And you're still a loser

You won't believe  
How much I've grown up since the days of me and you  
Have you grown up too?  
I used to be  
Such a puppet  
And the strings were in your hands  
Things have changed since then  
You'll be glad to know I sold your ring for extra cash  
I'm glad to know some things were never meant to last

Cuz I don't have to wait around for you  
I don't have to change the way I am  
i don't have to cry myself to sleep  
And I don't have to hope you like my friends  
I don't have to cover up the bruises  
Baby, you're a liar and a user  
You're such a loser

Cuz you haven't changed after all these years  
And I'm glad to know that I didn't throw my life away  
Couldn't be more yesterday..

I don't have to wait around for you  
And I'm not gonna change the way I am  
I don't ever cry myself to sleep  
Cuz I never have to see your face again..
