

# Calendars

Saviour

Shade me in confidence  
Malignant in my defences  
And these walls seem to tremor  
Every time I hear you speak

My mind deleted  
Trade my soul for one completed  
Young love defeated  
Washed away in the hope of something new

Wasting all my wealth down a wishing well  
I heard another voice in the ether  
Tell me time's in peril so I wish you well  
You'll be the dream and I'll be the dreamer  
Wasting all my wealth down a wishing well  
I heard another voice in the ether  
Tell me time's in peril so I wish you well  
You'll be the dream and I'll be the dreamer

I've grown so tired of wishing you were here  
I'm getting used to the silence  
Everyday gets a little bit easier

Just another fucking cross on my calendar  
They say time will set me free  
You'll be just another fucking cross on my calendar  
Though I guess there's no one else to speak for our silent hearts

Star in the night  
You are the only  
I'm caught in a storm  
So tell me a story  
Like, is it raining where you are?  
Like, is it raining again?  
Star in the night  
You are the only  
I'm caught in a storm  
So tell me a story  
Like, is it raining where you are?  
Like, is it raining again?

My mind deleted  
Trade my soul for one completed  
Young love defeated  
Washed away in the hope of something new

Tear us apart  
Washed away in the hope of something new  
Back to the start  
Washed away in the hope of something new

My mind deleted  
Trade my soul for one completed  
Young love defeated  
Washed away in the hope of something new

Tell me tales of a brighter day

Try to keep my mind at bay  
Are there no consequences?  
No second thoughts?  
No silent hearts?
