

# Come Along

Sawyer Brown

I can't sit still, gotta go  
Got a neighbor with a need of a helping hand  
What would it hurt to take a little time  
And do for him what I can  
I've been prayin', I've been sayin'  
Only time will tell  
If we dig a little deeper in that well

Won't you come along (come along now)  
Come along (come along now)  
Take me by the hand and help me sing this song (sing this song)  
I've got something to shout about  
Live out loud about  
Can't you feel the spirit  
Won't you come along (come along)

The weepful river would know what  
A little bit of faith and love can do  
Lead me, take me, show me, break me  
Lord you're gonna get us through  
When we're walking through the valley we will have no fear  
Lift up our voices for the world to hear

Won't you come along (come along now)  
Come along (come along now)  
Take me by the hand and help me sing this song (sing this song)  
I've got something to shout about  
Live out loud about  
Can't you feel the spirit  
Won't you come along (come along)

Won't you take me down (to the river)  
Take me down (come with me y'all down to the river, down to the river)  
Take me down (wash me clean Lord, down in the river, down in the river)  
Take me down (won't you take me down)

Won't you come along (come along now)  
Come along (come along now)  
Take me by the hand and help me sing this song (sing this song)  
I've got something to shout about  
Live out loud about  
Can't you feel the spirit  
Won't you come along (come along)

I said come along (come along now)  
Come along (come along now)  
Take me by the hand and help me sing this song (sing this song)  
I've got something to shout about  
Live out loud about  
Can't you feel the spirit  
Won't you come along (come along)

Come along (come along)  
I said come along (come along)  
Come along Won't you come along (come along)  
Won't you come along (come along)  
Won't you come along (come along)

Won't you come along (come along now come along)
