

New Shoes

Sawyer Brown

She put me down and left me flat
Like a penny on a railroad track
The dust ain't even settled yet
Now look at me take my first step
Gonna kick this heartache in the butt
Tonight I'm gonna strut

Puttin' on some new shoes
Gettin' rid of these old blues
All it takes is one quick change
And I'll just dance away
In my new shoes

Sneakers in a thousand shades
Steppin' out to promenade
It's gonna be my high top reds
That end up underneath your bed
And if that doesn't get me there
I got another pair

Puttin' on some new shoes
Gettin' rid of these old blues
All it takes is one quick change
And I'll just dance away
In my new shoes

Hey Baby Whoa
Shoes that make your Mama cry
American as apple pie
Double stitched, Union Made
Right here in the USA

Puttin' on some new shoes
Gettin' rid of these old blues
All it takes is one quick change
And I'll just dance away
In my new shoes

My My My My My new shoes
Gettin' rid of these old blues
All it takes is one quick change
And I'll just dance away
In my new shoes
Oh puttin' on some new shoes
