

Sand Castle

SayWeCanFly

They say it only get's harder, the older that I get
They say the friends I remember, are the ones that I'll forget
They tell me lovin' will kill me, but I'll kill the love instead
And only I'll hope there's someone, who misses in the end

And as my castle of sand falls away
When I've seen enough of the most terrible days
I'll build a ship out the mistakes I have made
And I'll sail to a place far away

I've been a proud man, I've been a poor man
I've done it right and I've done it wrong
But I've got the heart of
A wolf in the winter
I'll share the moon with her
Well have you heard? She loves me and I love her

If I could relive the days when
Storynights were made of gold
I'd write a note to my future
Naming all the friendly ghosts
They say the lovin' will kill me
But the hell with what they said
I know that I'll be a mother
For all the lovin' that I'll take

And as my castle of sand falls away (falls away)
When I've seen enough of the most terrible days (terrible days)
I'll build a ship out the mistakes I have made
And I'll sail to a place far away

I've been a proud man, I've been a poor man
I've done it right and I've done it wrong
But I've got the heart of
A wolf in the winter
I'll share the moon with her
Well have you heard?

I've been a proud man, I've been a poor man
I've done it right and I've done it wrong
But I've got the heart of
A wolf in the winter
I'll share the moon with her
Well have you heard? She loves me and I love her

She loves me and I love her
