

Shallow

SayWeCanFly

Take your time
Don't be so shallow
Cos shallows a mess you don't want trust me
Speak your mind
Don't be so shallow
Cos shallows a mess you don't want trust me

But if you still love me, just tell me you do
Cos I'm here and I just wanna know
Do you have what it takes to forget me this way
Are you tired of sleeping alone?
Or are you not alone?

Maybe its time that I go
Cos I'm right in front of you
But you don't even notice how
There's nothing left of your bones
But they're beautiful
Even though you're a ghost you're still taking up most of my heart
Most of my heart
Even though you're a ghost you're still taking up most of my heart

Save your time, just bleed
I am already a mess
You don't want trust me
Gave up, gave up I
You are already a mess
You don't want trust me

But if you still love me, just tell me you do
Cos I'm here and I just wanna know
Do you have what it takes to forget me this way
Are you tired of sleeping alone?
Or are you not alone?
Or are you not coming home?

Maybe its time that I go
Cos I'm right in front of you
But you don't even notice how
There's nothing left of your bones
And they're beautiful
Even though you're a ghost you're still taking up most
Even though you're a ghost you're still taking up most of my heart

Now I see
There's nothing left in the water for me
So I'll dig, I'll dig
Till I find your bone
Till I find your bones

There's nothing left of your bones
And they're beautiful
Maybe its time that I go
Cos I'm right in front of you
But you don't even notice how
There's nothing left of your bones
But they're still part of you

Even though you're a ghost you're still taking up most of my heart
Most of my heart
Even though you're a ghost you're still taking up most of my heart

Or are you not alone?
