

Human Pollen

Scarlet

Hey human pollen. Infect us all.
Our rubber gloves will protect our fall.
Just let the A.I.D.S. police go ahead and shoot first.
Ask questions later.

Shoot, shoot. Let them shoot.
Let them let them shoot. Let them shoot.

Neophytes ate alive by insect bites.
Showing every flaw in fluorescent lights.
Shoot, shoot. Let them shoot. Let them shoot. Let them shoot.
