

The Face of Fear

Scars of Tomorrow

Change your face
Beating me
Killing me
Change your face
Beating me
Feeling me
Ending me
Killing me
Be the one to end the fight
You never wanted to be a part of this
Change your face
Beating me
Killing me
Change your face
Be the one to end the fight
Beating me
Feeling me
Ending me
Killing me
You never wanted to be a part of this
Choke the face that you fear
