

# Everything Changes

Scatman John

I've been checking out the structure of all I have done  
It ain't what I expected but it's what I become  
The stress I've created from the lie of my game  
Is not on the contract signed with my name  
Spoke to a prophet who was bored with the job  
Keep singin' and dancin' he'd be telling them off  
As soon as you're elected you're gonna be rejected  
All you've got is the moment

'Cause everything changes  
'Cause everything changes

I'm sitting on an anthill here at the top  
My head's become so swollen I expect it to pop  
I'm looking for a hole in the wall of my spell  
There's gotta be a way a path to the way outta hell  
My plane's about to crash; I've been flyin' too high  
All that I can do now is surrender or die  
If there's anything I wanna say or want you to do  
Keep livin' in the moment

Live in the moment  
Life is for living in the moment  
Live in the moment  
Because it lives for you, yeah

My life's so exciting there is no life at all  
I'm trying to ride a tidal wave but can't help but fall  
Suspended animation, I'm a puppet on a string  
A canary in a cage expected to sing  
Yo yo momma, here I am at the top  
And your little Johnny boy ain't ever gonna flop  
I try to keep my face while I'm keeping up the pace  
I'm livin' in the moment

'Cause everything changes  
(Scatting by Scatman John)  
'Cause everything changes

Yeah I've looked everywhere and I still haven't found  
A new way of livin' that's wholesome and sound  
Where speaking is wordless and closed eyes can see  
Where all is at peace and we all can be free (yeah)  
Everybody's speakin', yet nobody talks  
And everybody's shakin' and awalkin' that walk  
Unspeakable treasures begin to unfold  
From stayin' in the moment

Live in the moment  
Life is for living in the moment  
Live in the moment  
Because it lives for you, yeah

Live in the moment ('Cause everything changes)  
Life is for living in the moment (Yeah, 'cause everything changes)  
Live in the moment

Because it lives for you, yeah

(Scatting by Scatman John)

Yeah, 'cause everything changes

(Scatting by Scatman John)

Yeah , everything changes

(Scatting by Scatman John)

Live in the moment

Life is for living in the moment

Live in the moment

Because it lives for you, yeah
