Check, check, check
1, 2, 3, in the place to be
This one is for the electric generation
Introducing the ultimate sound
This track is called
We are the greatest

There will be Scooter in the house
We gonna rock you tonite
And the incredible H.P. is gonna
Make you feel right
There is Ricky on the case and
Wicked Axel too
So come on join the party
Make your body move
All those sexy girls are dancing
To the beat on the floor
And the crazy guys are freaking out
Like never before
Turn up the volume
And make the speakers blast
Move your body to the rhythm
Like this day is your last

There's a party in the place
And you'll be rock it tonite
So bring your body with you baby
And I make you feel right
It's a pretty celebration of a natural kind
And a pleasure your experience
Will blow your mind
Everybody will be dancing
To the beat on the floor
You really come to situations
Never part of before
Satisfaction guaranteed
If you know what I mean
And if you walk in through that door
It's such a freaky scene

We are the greatest
We are the greatest
We are the greatest
We are the...

Whats up what's up
Are you ready for some radical rhythms
Representing the extraordinary
I want to see everybody on this
Just keep in mind
Together
We are the greatest

Everybody will be dancing the beat on the floor
The beat on the floor
You really come to situations
Never part of before

Satisfaction guaranteed
If you know what I mean
And if you walk in through that door
It's such a freaky scene

We are the greatest
We are the greatest
We are the greatest
We are the greatest

Leaving the building now
This won't be the last time
Get prepared for the next experience
You are not alone
Now and forever Scooter
