

Look In Your Eyes

Scott McKenzie

Wanted your kissing
Love I've been missing
When I feel blue
All I wanna do
Is look in your eyes

Missing your talking
When I'm out walking
When I feel blue
All I wanna do
Is look in your eyes

Seeing your gentle face
In every single place that I go
One thing
That it proves
Is that I
I love you so

Well maybe one day
Things will go my way
Then I could show you
Just I what I wanna do
Is look in your eyes

Well maybe one day
Things will go my way
Then I could show you
Just I what I wanna do
Look in your eyes
I wanna look in your eyes
Look in your eyes
I wanna look in your eyes
