

Lies! Lies! (2x)

Did you hear the news today?  
We want the truth  
Can you read between the lines?  
We want the truth  
Are you shown the way?  
We want the truth  
Believe what I say?

It's the end of the world  
Well, would you even believe that?  
You've got to see straight  
Take care before it's late  
Stop, stare, you are your fate  
Be aware life's a long wait

Falsehoods - cry wolf (2x)

Patience is a virtue they say  
It's easier to follow than to stay  
But the truth hits like deadstops  
Like the impact after a shot  
Don't deceive your second thoughts  
Take heed this all may be some shit
