## **Nearly Lost You**

## **Screaming Trees**

Did you hear the distant cry Calling me back to my sin? Like the one you knew before Calling me back once again

I nearly, I nearly lost you there And it's taken us somewhere I nearly lost you there Well let's try to sleep now

Drag me far enough to know
I'm blind every mile that you burn
There's a rider that's fallen
And it's clear there's no time to return

I nearly, I nearly lost you there And it's taken us somewhere I nearly lost you there Well let's try to sleep now

Did you hear the distant lie Calling me back to my sin? Like the one you knew before Calling me back once again

I nearly, I nearly lost you there And it's taken us somewhere I nearly lost you there Well let's try to sleep now

I nearly lost you there, I nearly lost you I nearly lost you there, I nearly lost you there I nearly lost you there
Oh yeah, I oh, nearly lost you there
