

## Orange Airplane

## Screaming Trees

Can't take a train you know they move too slow  
Got to take to the airport where I want to go  
Heart beating like a million miles an hour  
Listening the wind is turning sweet to sour

Orange airplane  
Take me to a new day  
Little orange airplane  
Take me to a new day

I land downtown in the middle of the day  
I'm coming down hard so get out of the way  
Looking up to heaven trying to find a clue  
Said I'm too far gone, got to pay my dues on

An orange airplane  
Take me to a new day  
Come on  
Little orange airplane  
Take me to a new day

I'll be heading into orbit on a Sunday morning  
My legs are broken and my ears are ringing  
Orange airplane takes me to my home  
Take me to the graveyard and bury my bones on

An orange airplane  
Take me to a new day  
Come on  
Little orange airplane  
Take me to a new day

Take me far away  
On an orange airplane
