

## Traveler

## Screaming Trees

It's a broken morning outside  
Go easy on my mind  
Because you're this dream I'm hanging on  
And I'm trying to make the dawn

And the longest way I travelled  
From the darkness to the light  
Lord it's been a million miles  
And these prisons, I can't abide

I'm halfway here, I'm halfway there  
I'm halfway here, I'm halfway there  
I'm halfway here, I'm halfway there  
And all along I've been a traveller, yeah

Forever out of time  
Forever just unwinds  
I see the green beyond the blue  
And I'm trying to make it through

And the longest way I travelled  
From the darkness to the light  
Lord it seems a million miles  
All my brothers, I can't abide

I'm halfway here, I'm halfway there  
I'm halfway here, I'm halfway there  
I'm halfway here, I'm halfway there  
All along I've been a traveller, yeah

This twilight world is cold  
Go easy on my soul  
Because you're this dream I'm hanging on  
And I'm trying to meet the dawn

And the longest way I travelled  
From the darkness to the light  
Lord it seems a million miles  
And these persons, I can't abide

I'm halfway here, I'm halfway there (5x)  
All along I've been a traveller
