

Skank Bloc Bologna

Scritti Politti

Tell her to work at Tesco's
Tell her to stay at school
Tell her what's possible - all day derision
Down at the Bull and Bush
Hopeless in Harrogate
Over and above and she hasn't a clue
Twenty number six and she hasn't an answer
No one wants to listen and there's no one wants to know
Someone's got a question that she doesn't want to see...

...Knocking around at tea time?
Up in her room, alone
Something she doesn't know - the Skank Bloc Bologna
Keeping us all alive - something in Italy
Stuck around the home and they haven't a clue
Dinner's at six and it isn't an answer
Now, they've got a notion and they haven't got a hope
Rockers in the town - the magnificent six
Rockers in the town with an overestimation
Now they've got a notion and they're working on a hope
A Euro-ruled vision and a skank in scope
