

Baby I'm In Love

Seabird

I know she's gotta see, I can see she's on to me.
I can't keep a lie, not to save my life.

Cause baby I'm in love, baby I'm in love.
Maybe I'm just crazy but just maybe, I'm in love.

Two beats from one body, my heart sings along.
Waiting to be daddy, nine months seems so long.

Cause baby I'm in love, baby I'm in love.
Maybe I'm just crazy but just maybe, I'm in love.

Oh what a day when love came to town.
Love what can I say, I fell face down.

Oh what a day when love came to town.
Love what can I say, I fell face down.
