

Girl I Wish I Didn't Know

Seafret

I still remember you smiling
Saying let's never go home
We'll make the world wait for us this time
They'll never notice I'm sure

I don't know what it is about you
I find it so hard to let go

Said don't give up on me, darling
Could be one year, could be more
I saw them panic, she was frozen
Like I'd been sent off to war

I don't know what life would be without you
And I don't want to ever know

We say it's not the last time but we know it is the last time
If only I could rewind, always thought that I would spend my li
fe with you
Girl I wish I didn't know
Now it's time to let you go

I took the car and went driving
To all those places we'd been
Thinking that maybe she'd be there
But she's nowhere to be seen

I don't know what changed her mind about it
She's maybe better on her own

We say it's not the last time but we know it is the last time
If only I could rewind, always thought that I would spend my li
fe with you
Girl I wish I didn't know
Now it's time to let you go

I don't know what life would be without you
And I don't want to ever know

We say it's not the last time but we know it is the last time
If only I could rewind, always thought that I would spend my li
fe with you
Girl I wish I didn't know
Now it's time to let you go

Girl I wish I didn't know
Now it's time to let you go
