

Tell Me It's Real

Seafret

She said I really don't mind if you have to leave my side
Cause I've been made to walk alone all the way through my life
And I never really thought about it, no I never really thought
about it

It's because of you that I believe in me for the first time
I know, love's always been sink or swim so I won't

Say it's over just as it begins,
so tell me it's real, just tell me it's real

I left you unprotected in the fortress of your mind
Felt the rhythm of my heart beating out the words I couldn't find

And no I never really thought about it, no I never really thought
about it

Stopped me dead in my tracks, as it hit me for the first time

Yes I'm broke, thinking what if we never meet again and I froze

What if heaven doesn't let me in?

Oh tell me it's real, just tell me it's real

Just tell me it's real, just tell me it's real

Cause I know eventually it's all gonna happen how it's meant to
be

Yeah, I know eventually it's all gonna happen how it's meant to
be

Yeah, I'm still the same I was when you found me

You showed me what it feels like to be free

Yeah, I know eventually

Won't you tell me?

Won't you tell me?

Oh, tell me it's real

Tell me it's real

Tell me it's real

Just tell me it's real
