The time is right You hold me tight Love's got me high

Please tell me, yes
And don't say no
Honey not tonight
I need to have you next to me
In more ways than one
And I refuse to leave

'Till I see the morning sun Creep through your window pane 'Cause love won't let me wait

The time is right
Turned down the lights and take my hand
We will take a flight
And spend the night in a wonderland

Now move a little close to me You owe it to yourself And I will selfishly Take a little for myself

And it's because of you
That love won't let me wait
(No, listen girl)
I need your love so desperately

And only you can set me free
When I make love to you
We will explode, you and I, we'll explode in ecstasy
And I won't take the blame
That love won't let me wait
Not a minute longer girl
Love won't let me wait
