

Still Love Remains

Seal

How will I stand
If you turn out the light
That shines over me

That shines over me

And how will I live
If you take all the give
That you have for me

That you have for me

Without so madly
Without so fast

Yet still we remain

How will I love
If you take all the life
From out of me

Right from out of me

Tell me how will I live
If you take all the give
That you give to me

We burned so brightly
Love so fast

Yet still we remain.....
main.....

Ohhhh

'Cause we'll live
And we give
Today.....
ay.....

I.... ye..ah

But dontcha know

You know
You know
You know
I know
You know

You're nothing I... yeah

Now dontcha know
You know
You know
You know
I know

You know

You're nothing I... yeah...

Now dontcha know

You know

You know

You know

I know

You know

Tell me how will I live

With anyone but you

Babe

Anyone but you babe

With anyone but you

With anyone but you

With anyone but you
