## **Sean Lennon**

```
Would I be the one to bring back the tears from your eyes now
Would I be the one to bring back the tears
Would I be the one to bring back
Would I be the one to bring back the tears from your eyes
Is it what I want to scrape off the juice from your boots now
Is it what I want to scrape off the juice from you
Is it what I want
Is it what I want to scrape off the juice from your boots now
Is it what I want to scrape off the juice
Is it what I want to scrape off
Is it what I want to scrape off the juice from your boots
Is it what I want to be had like a bull by the horns now
Is it what I want to be had like a bull by the horns
Is it what I want
```
