

# Dream Girl

Sean Paul

Cause she only love me when I close my eyes  
That's why I call her dream girl, dream girl  
She's the only one that gives me butterflies  
I see her in my dream girl, dream girl

Said I must be trippin' up on cloud nine  
Mek mi feel so fine, why girl  
Cah ya hips and ya lips and ya thighs  
Mek me feel nice  
Baby girl you know just what mi like  
Do di ting, do di ting  
Mek mi feel high  
Yu ah di queen, mi ah di king  
Mek we live life  
Togetherness for everness ever blessed  
Girl mek me feel mi neva open mi eyes

You make me feel like  
I don't wanna be with no other  
And it's a shame to me that I won't be seein' you  
When the morning come

I can't wait to be up underneath dem covers  
I get closer to your love  
Oh, no one wakes me up

Cause she only love me when I close my eyes  
That's why I call her dream girl, dream girl  
She's the only one that gives me butterflies  
I see her in my dream girl, in my dream girl

Don't wake me up, no, no  
Don't wake me up, no, no, no

Correct me if I'm wrong  
When I'm feeling so strong  
Got to be real  
Then tell me why me feel like I'm crazy lately

Listen my girl  
I want ya have my baby  
Call me little bomb dealer, you are my lady  
No other girl coulda really tame me

For mi cyant sleep, girl it really strain me  
Cyant get your body girl, it really drain me

You make me feel  
I don't wanna be with no other  
And it's a shame to me that I won't be seein' you  
When the morning come

I can't wait to be up underneath dem covers  
I get closer to your love  
Oh, no one wakes me up

Cause she only love me when I close my eyes

That's why I call her dream girl, dream girl  
She's the only one that gives me butterflies  
I see her in my dream girl, in my dream girl

Don't wake me up, no, no  
Don't wake me up, no, no, no

See you in my dream girl  
I'll make you my queen girl  
Give you everything girl  
Cause you are my dream girl

You make me feel like  
I don't wanna be with no other  
And it's a shame to me that I won't be seein' you  
When the morning come

I can't wait to be up underneath dem covers  
I get closer to your love  
Oh, no one wakes me up

And she only love me when I close my eyes  
That's why I call her dream girl, dream girl  
She's the only one that gives me butterflies  
I see her in my dream girl, in my dream girl

Don't wake me up, no, no
