

# Crucifixion Of The Heart

Sebastien

Now I'm searching for a reason why  
I closed my eyes and stopped the time  
I remember your touch so right  
Tell no lies tonight

I'm the wonderful winter king  
And you're like a violin string  
In the air is a question why  
We don't find a way home

Waiting  
Feeling  
I gotta know what's the meaning of love  
Searching  
Praying

If you're coming back  
Back to my arms  
'Coz my kiss won't cause you harm  
Please, don't you leave me now  
Oh, don't say it's over  
I fight for you tonight  
Welcome to my helpless life...

Have you ever been in such pain  
There's no sun in stormy rain  
I forever believe in you  
Please don't close the way home

Searching  
Praying

If you're coming back  
Back to my arms  
'Coz my kiss won't cause you harm  
Please, don't you leave me now  
Oh, don't say it's over  
I fight for you tonight  
Welcome to my helpless life...
