

Lamb Of God

Sebastien

Lamb of god staggers within the maze
Fear of time running out
The blood starts to drain from his withered face
Knowing that he shouldn't doubt

Who's building crosses now God has gone
Who do we turn to for faith
Underdog hero will fall from grace
Will you take his place?

Maybe the weight of his sins will break the cord
Hope is all lost once the freefall stops

Hang him high
Above the world
So he feels closer to God
Hang him higher
And as he falls
Pray that he knows where he goes

Lamb of god bleeding and wants to hide
Shields his eyes from the hate
And if you're sure, close the door, and walk away
Seal his fate

Hang him high
Above the world
So he feels closer to God
Hang him higher
And as he falls
Pray that he knows where he goes
