

Man In The Maze

Sebastien

Out of the blue
Switch off the light in you
Out of the darkness...
Read my lips
So many secret words
Sleep in your heart...

Break your seals
Full of the raining tears
Leave me in aging years
All right
Now you can draw the line u
Under your eye...

Daybreaks embrace me
Dawn never greets me
There's no peace for you and I...

Love of your life
Dies in the haze
I walk around this maze
Daybreaks embrace me
Dawn never greets me
Just like a rainman's cast away...

Can't decide if it was long ago
Or it still happens...
Empty space
Without your loving face
I'm dying inside...

Daybreaks embrace me
Dawn never greets me
There's no peace for you and I...

Love of your life
Dies in the haze
I walk around this maze
Daybreaks embrace me
Dawn never greets me
Just like a rainman's cast away...

Where are you
Be my guardian, please
When I'm falling down to infinity...
In the last of my days
I call your name...

Daybreaks embrace me
Dawn never greets me
Just like a rainman's cast away...

Down broken man
Same old refrain
I always scream in vain
And you've just gone
It drives me insane

I'm just a rainman cast away....

Love of your life

Dies in the haze

I walk around this maze

Daybreaks embrace me

Dawn never greets me

I'm just a rainman cast away...
