Sometimes A Prayer Will Do

Secret Garden

Sometimes we stumble Sometimes we even fall And we can't find a friend Can't comprehend it all And we are lost With nothing to hold on to

When we can't find the answer Sometimes a Prayer will do And though we wonder Uncertain if we will get through To face the future Sometimes a prayer will do

Sometimes we reach For what's not really there Sometimes we lose our grip Come tumbling through midair And we are searching For something to hold on to

When we can't find the answer Sometimes a Prayer will do And though we wonder Uncertain if we will get through To face the future Sometimes a prayer will do

Then we are stronger Somehow we know we will get through To face the future Sometimes a prayer will do

Yeah, we are stronger Somehow we know we will get through To face the future Sometimes a prayer will do Sometimes a prayer will do
