

Credo Possess

Semargl

Here I come, come, to slave you,
Bring you down, all your values,
No resist, I'll make to subdue,
Say "Good bye!", I'm killing you.
Abase your self, yes, more and more,
Stooping you, like a dirty whore
On bended knees, on soiled floor,
You may enjoy, I'm f**king you.
Submit to my command
No escape, no liberate,
You feel my insolence
I'm gonna be your wicked guide.
I am not jesus not messiah,
I am not Lucifer, god of fire
I am your mystery, I'm your desire,
I'm gonna be your cherished drug.

Possess, possess, possess, with a vicious grace.
Possess, possess, possess, when love is hate.
Possess, possess, possess, despairing divine face.
Possess, possess, possess, yeeeeeh.

(To) inspire terror,
(To) cause insane,
(To) bring a death-whore,
(To) f**k the saints.
You may love it,
You may hate it,
May be indifferent,
I don't care
(To) inspire terror,
(To) cause insane,
(To) bring a death-whore,
(To) f**k the saints.
You can kill it,
You can save it,
May be indifferent,
Because I want it.

Possess, possess, possess, with a vicious grace.
Possess, possess, possess, when love is hate.
Possess, possess, possess, despairing divine face.
Possess, possess, possess, yeeeeeh.

With a vicious grace.
When love is hate.
Despairing divine face.
