

Soul's Alive

Sengir

Today, there is nothing more to fear
fight the clouds so unreal
we won't fall down

We pray, that the engine in our minds
drives us faster than the lights

We won't fall down
we won't fall down
to the ground upon we are walking
And we will survive, keeping our soul alive
Now time is falling away from me

If you fall, there is nothing I can do
I can't slow down and wait for you
anymore

And I recall, while you were dancing with my mind
I tried to keep my soul alive
