

## Drug Dog Handler

Serafin

Pickin' up chains, picking up others  
Avoiding the claims, avoiding the colours  
You'll come a long way with what you want  
Each moment passes way too long  
Arming your feelings to the teeth  
Has less affect on you and me  
Before I go I want to stay  
Because I love you more each day  
Reading the sand, reading the numbers  
Avoiding the plans, avoiding the wonders
