

# Gone

Serani

Come back, come back, come back to me  
Come back to me baby  
Come on home sweet lady

Cause I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

Girl I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

It's been about a week since I've herd you speak  
I miss you, but the future seems bleak  
The best days are gone  
Relations speak  
My body is weak

Friend sin my click asking for my chick  
I got to respond with something slick  
Who I got to fix this  
Who I got to fix things quick

Cause I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

Girl I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

They say we shouldn't be together  
But I know better  
Cause everyday my eyes get wider  
Now from the weather  
I wrote this one just like a letter  
I got to tell you  
Cause I called her cellular and never get her  
I want you allot  
That's why am giving you all I got  
They say we have nothing to relate to  
And how I shouldn't date you  
Girl I got to say too that I

Cause I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

Girl I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

I've been looking on my phone  
Waiting on the ring tone  
You reach the voicemail of no ones home  
Dying inside going crazy all alone  
Your everything I need girl

Your my own  
What can I do to have you by my side again  
Your my lover girl, your my best friend  
And only you can save me  
I've been thinking bout my last lady

Cause I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone

Girl I miss you allot  
Cause why? Your all I got  
Now your gone, gone, goone
