

# That's Enough for Me

Sérgio Mendes

Maybe you know the reason that I love you  
Maybe you don't but I don't really care  
Maybe you'll see the forest for the trees, babe  
Maybe you'll see the things that I don't dare

Maybe I know just how to turn on, babe  
Maybe I know just how to make you smile  
Maybe I don't quite know what's right from wrong, babe  
Maybe we'll find out in a little while

Whatever it is, we're together  
And that's enough for me  
Don't need no questions or answers  
Your love's enough for me

Whatever it is, we're together  
And that's how love should be  
Don't need nobody to tell me  
Your love's enough for me
