

# Centipede

Serial Joe

Ya keep on losing your mind  
I'm afraid I can't say the same  
Complicated reasons are why.  
I'm not the one who is left to blame.  
Your constant crap is what I'm left to use  
Can't take this kind of senseless abuse  
You're left with nothing left to say  
Co-ordinations not the only simple way.  
[CHORUS:]

Squirm, squirm  
Go home and don't come back

Look at you, you dirty mindless wreck  
Worthless as a minor tiny insect.  
Crush your body, you're a centipede  
Your mixed up ya, so reach inside and bleed.  
Surely you won't mess with me  
I'm telling you this ain't hostility  
Confused your judgement, it's insanity  
Your jaded by your own immunity.

[CHORUS:]

Squirm, squirm  
Go home and don't come back  
Confused your judgement, it's insanity  
You're jaded by your own immunity.
