

# Save Me

Serial Joe

Save me from myself  
Cause I can't control myself  
I've invaded my own mind  
And there's things I cannot find  
Where am I today?  
I think I've gone away  
But I really cannot say  
No I cannot

CHORUS:

Save me  
Come on and save me from myself  
Save me  
From the things I cannot help  
All by myself

Little tricks I play on me  
I'm surrounded but I can't see  
Meet myself outside myself  
Then I run and hide  
Touch my hand I pull away  
What I feel I just can't say  
My body shakes and then shuts down  
Pretend there's no one around

CHORUS:

Save me  
Come on and save me from myself  
Save me  
From the things I cannot help  
All by myself  
Save me  
Come on and save me from myself  
Save me  
From the things I cannot help  
All by myself
