

## End In Tragedy

Set It Off

This bottle of Bacardi  
Is making me a little bit testy  
We wear shirts spelling live and love  
It's so ironic when we choose none of the above  
My thoughts seem separated  
Because my eyes are dilated.  
This club can't keep my head straight  
I'm busy looking for a late night soul mate.  
We're steady sitting in the lap of luxury  
Well get up or it will end in tragedy.

808's are shaking up the dance floor  
Just you wait  
Tonight I'm gonna make my  
Mind erase  
To justify the things I did  
Tonight  
Will end in tragedy.

Woah oh tonight will end in tragedy  
Woah oh dancing in the lap of luxury.

"Take a look around before you fall"  
"This bottle's barely lightened"  
"Do you really want this night at all?"  
"There's no need to be frightened"  
This monster I've created  
Is bound to end up jaded  
I can't quite seem to walk straight  
With inhibitions slowing at a temporary rate.

808's are shaking up the dance floor  
Just you wait  
Tonight I'm gonna make my  
Mind erase  
To justify the things I did  
Tonight  
Will end in tragedy.

Woah oh tonight will end in tragedy  
Woah oh we're dancing in the lap of luxury.  
Woah oh tonight will end in tragedy  
Woah oh dancing in the lap of luxury.

Love lost, lip gloss  
Faded pictures fill my scrap book of... (4x)

Take a shot down, another rebound  
Blissful, blackout. (2x)

808's are shaking up the dance floor  
Just you wait  
Tonight I'm gonna make my  
Mind erase  
To justify the things I did (I did)  
Tonight (tonight)  
Will end in tragedy. (will end in tragedy!)

Tonight will end in tragedy  
We're dancing in the lap of luxury.  
Tonight will end in tragedy.

808's are shaking up the dance floor  
Just you wait  
Tonight I'm gonna make my  
Mind erase  
To justify the things I did  
Tonight  
Will end in tragedy.

Tonight will end in tragedy  
We're dancing in the lap of luxury.  
Tonight will end in tragedy.  
We're dancing in the lap of luxury
