

# Raise No Fool

## Set It Off

I'm wearing rose tinted shades but  
All I see is shades of  
My imagination covered in red  
A crooked smile and some fake love  
Put me in these handcuffs  
Threw away the keys cause  
I was a threat

Well, first you try to tell me we're family  
Then you try to tell me that it's for the best  
You promise that you'll be there if I need ya  
But I don't need your handout  
You can take it back

I won't be used  
My momma didn't raise no fool  
Won't let you leave me hangin'  
So cut me loose  
My momma didn't raise no fool  
Won't let you leave me hangin' no more

I got a pain in my back bone  
Where'd you get that knife from?  
Why the hell is it so covered in red?  
I let you walk into my home  
Let you make it your own  
You tried to tear it down and leave me for dead

Well, first you try to tell me we're family  
Then you try to tell me that it's for the best  
You promise that you'll be there if I need ya  
But I don't need your handout  
You can take it back

I won't be used  
My momma didn't raise no fool  
Won't let you leave me hangin'  
So cut me loose  
My momma didn't raise no fool  
Won't let you leave me hangin' no more

Ladies and gentlemen  
If you're sick of being disrespected  
Let me hear you sing it, go  
I don't wanna feel like my money that you're spendin'  
No I don't wanna feel like I'm losing cause you're winnin' baby  
I don't wanna feel like my money that you're spendin'  
No I don't wanna feel like I'm losing cause you're winnin'

I won't be used  
My momma didn't raise no fool  
Won't let you leave me hangin'  
So cut me loose  
My momma didn't raise no fool  
Won't let you leave me hangin' no more
