

Margarette

Seven Mary Three

Margarette came to me was all he said
Before she knew my name she was in my bed
She was only sweet sixteen
20,000 days younger than me

Marry me she said I don't reply
Daddy said you better or you'll die
She wants a house and fifteen kids I guess
And I can't find a state we're legal in

Margarette feels the world beneath her feet
Shaking like a leaf falls from a tree
She don't care he's ten years older than me
As long as they're together happily
She was only sweet sixteen:...
