

# Glowing Hearts

## Seven Places

This is the day that You have made  
And in it I will raise my voice  
To You my Savior and my God  
Who's made this glowing heart rejoice

This is the day that You have made  
And in it I will raise my voice  
To You my Savior and my God  
Who's made this glowing heart rejoice

Let our cheerful anthem fill His house  
A song of love that seals our vows  
Let our cheerful anthem fill His house  
Come let us join in with one accord  
In songs around throne  
This is the day our Risen Lord  
Has made and called His own

This is the day that You have made  
And in it I will raise my voice  
To You my Savior and my God  
Who's made this glowing heart rejoice

Let our cheerful anthem fill His house  
A song of love that seals our vows  
Let our cheerful anthem fill His house  
Come let us join in with one accord  
In songs around throne  
This is the day our Risen Lord  
Has made and called His own

Now rest my weary heart  
Fixed on this blissful moment  
Not ever from the Lord to depart

Come let us join in with one accord  
In songs around throne  
This is the day our Risen Lord  
Has made and called His own

Come let us join in with one accord  
In songs around throne  
This is the day our Risen Lord  
Has made and called His own

Come let us join in with one accord  
In songs around throne  
This is the day our Risen Lord  
Has made and called His own

Has made and called His own
