

## Someday Go

Seven Places

I feel the wind blow, does anyone know?  
Who it is breathing, sending us hope

[Chorus:]

I see the sun I found warmth, I found warmth in its light  
Just like Your eyes I found grace, I found grace in your sight  
Someday I'll go, I will see Your face  
I will let go of these eyes of faith.

Here in the valley, a little confused  
I look to the mountains, my help comes from You

[Chorus]

The clouds roll into my life  
And they remind of how You'll meet me in the sky  
I feel the wind blow, does anyone know?  
Under those clouds, oh where did we go?

[Chorus]
