

Face to Face

Sevendust

Don't tell me now with a smile on your face
That you're lost...down and out
When there was nothing left in me

You can't stop fuckin' with my head
Stop fuckin' with my head
My silence you break
The smile that you fake (you fake)

There's not one thing that you can say to make it right
Unless you say "I'm leavin"
And if you're not...then please tell me why
Please tell me why you can't

Save face
Say it to my face

Can I take all the filth in your head
All the words that you said (that you said)
And throw it away (throw it out)

You can't stop fuckin' with my head
Stop fuckin' with my head
My silence you break
The smile that you take away

There's not one thing that you can say to make it right
Unless you say "I'm leavin"
And if you're not...then please tell me why
Please tell me why you can't

That shit you're talkin' don't mean nothing to me anymore
Limp dick...you fuck stick...let's settle the score
Run and hide you know I'll find you anywhere
Motherfucker...two faced prick with hell to pay
What's real is real...it's time to step up to the plate again
Swing batter-batter, swing batter-batter, swing...
What's real is real...it's time to step up to the plate again
Swing batter-batter...fucked me for the last time!

Just take a swing...
C'mon...you should've taken that swing...
Just take your swing...

There's not one thing that you can say to make it right
Unless you say "I'm leavin"
And if you're not...then please tell me why
Please tell me why you can't

Swing...just take your swing...fuck you!

Just take your swing...
You can't stop fuckin' with my head
Stop fuckin' with my head
