

## Inferior Divinity

### Severe Torture

for many years i tried to stop the suffering  
but i must kill  
i never thought this hat inside would be so real  
this hell i feel  
trying to fill my mind with false prophecies  
i wont believe  
taking the lives of those who say i must kneel  
now bow for me

i have no master , i praise no god  
no hope left for the lives im taking  
i have no mercy , i know no fear  
indulging on a fresh cadaver  
i abjure the bible, i feast on blood  
my need for death is everlasting  
i will hang them upon a cross  
like jesus they will bleed forever

for many years i tried to withhold my anger  
but i cannot succeed  
there will be no time to ask  
why this is happening  
pent up rage unleashed revengeful

come feel the torture, come feel the pain  
its time to say your final prayer  
to a nameless father, to a nameless god  
admit there will be no redemption  
i wont surrender, i wont be weak  
i will only be terrifying  
leave your holy father, leave your holy god  
together they will be forgotten

defied, persuaded to destroy  
reprobation of a life lived under god  
brutalized, killing the slaves of christ  
there is no heaven for those i despise
