

Kill Machine

Sex Gang Children

Increase your sense of danger
Increase your sense of danger
And sin
Sin

Don't you talk to stranger
Don't you talk to stranger
That's sin
Sin

So raise your flags you statesmen
You oh so noble statesmen
And sing

Kneel to the steel saviour
Kneel to the steel saviour
Kill machine
Kill machine

Don't abort the baby
Don't you abort the baby
That's sin
Sin

I haven't got a leg so I'm talking to the lamppost
Incognito
Kneel to the steel saviour
Kneel to the steel saviour
Kill machine
Kill machine

Beating with a bat all those that you'd like to beat
It's a real life situation with your anal penetration
With your superstar leeches and your prime-time preachers
Your european experience didn't teach you anything

Kneel to the steel saviour
Kneel to the steel saviour
Kill machine
Kill machine
Kill machine
Kill machine
