It's a summertime affair
Shaggy ha
Ravyon
Sun and fun in the
Atmosphere, oh yes
In the summertime when
The weather is high
You can stretch right up
And touch the sky
When the weather is fine
You've got women
You've got women
On your mind
I'm gonna drive and ride and
See now what I can find

Now if her daddy's rich
Take her out for a meal
And if her daddy's poor
Then do as you feel
Speedin down the lane even
Though the speed limit's 25
And when the sun goes down
I'll make it with my cutie pie

Weh me say
Pretty little women
Sexy as can be
Sweet as a honey
Sting like bumble bee
Shaggy say
Pretty little women
Sexy as can be
Sweet as honey
Sting like bumble bee

It's a summertime affair In the atmosphere I man love off her attire And the clothes she wear Some burn off them with tyre And a draw down a gear Some a shine up wax up Not a sign of snare Got to be rolling in my Christas so the girl them stare This is Shaggy and Rayvon As your ultimate pair Taking care of our career So tell the world beware 'Cause it's a brand new Selection for your musical ear

We say what we want and We say what we need And we love everybody And we do as we please And when the weather is fine, We go fishin' we Go fishin' in the sea We are happy to live life That's our philosophy

Now if her daddy's rich
Take her out for a meal
And if her daddy's poor
Then do as you feel
Speedin down the lane even
Thought the speed limit's 25
And when the sun goes down
I'll make it with my cutie pie

Sweat a run off her body With her caramel skin I man smiled at her she Looked at me and grinned I offered her a drink she said Juice and Gin And I whispered in her ear I asked how you doin Where was it that I reside And I told her Brooklyn Atmosphere filled with romance Her eyes sparkling Just her voice and what She said let my poor head spin Raggamuffin Shaggy With a musical swing

I say
Pretty little woman
Sexy as can be
Sweet as a honey
Sting like bumble bee
