

Lost Cause

Shai Hulud

Get out of here!
Leave me alone!
I don't need you.
You make me sick.

You are just a lost cause.
Can't stand the things you do.
You are just a lost cause.
I've had enough of you.

...

You are just a lost cause.
Can't stand the things you do.
You are just a lost cause.
I've had enough of you.

Get out of here!
Leave me alone!
I don't need you.
You make me sick.

You are just a lost cause.
You are just a lost cause.
You are just a lost cause.
You are just a lost cause.
