Pulsatron

Shakespears Sister

She's so electric She loves to party She's so connected She feels her body

Gonna get it on like a pulsatron Gonna get it on like a pulsatron Gonna get it on like a pulsatron Gonna get it on like a pulsatron

Go to the city
To the sex boutique
She's looking pretty
And she needs relief

Gonna get it on like a pulsatron (You sinner turn me on)

She's so electric She loves to party She's so connected She feels her body

Gonna get it on like a pulsatron (You sinner turn me on)
