

Ain't It A Shame (You Win Again)

Shakin' Stevens

You make me cry
And I really wonder why
I've tried so hard
Why do you treating me so bad

No matter what I say
It won't matter anyway
Ain't it a shame
You win again

Honey, from the very start
You fooled around with my heart
How did you had to be that way
Doesn't matter what I say

No matter how I try
Trying to leave you, say goodbye
Ain't it a shame
You win again
