

As Long As

Shakin' Stevens

As long as there's a willow that can weep.
As long as there's a pillow for to sleep.
As long as people want to laugh and cry.
I don't believe our love will ever die.

As long as there are sunny days in June.
As long as there's a moon song's croon.
As long as these and other things are true.
Then everybody knows this song is for you.

Well I'll always want to be with you.
Hope we never part.
If you should ever leave me now.
It'd only break my heart.

As long as there are birds that sing on high.
As long as there's a rainbow in the sky.
If all of these and our dreams are true.
Well there could be no other baby for you.

Well I'll always want to be with you.
Hope we never part.
If you should ever leave me now.
It'd only break my heart.

As long as there's a willow that can weep.
As long as there's a pillow for to sleep.
As long as people want to laugh and cry.
I don't believe our love will ever die.

As long as there are sunny days in June.
As long as there's a moon song's croon.
As long as these and other things are true.
Then everybody knows this song is for you.
Yeah then everybody knows this song is for you.
Well then everybody knows this song is for you.
