

Baby If We Touch

Shakin' Stevens

You say you want me baby.
Well I'm over in a gear.
You say you want me baby.
Well come on over here.
And baby if we touch too much.

You say you wanna rock me.
But then you say you wanna roll.
You say you want me baby.
Come over and crawl.
And baby if we touch too much.

You say you're gonna push.
You say you re gonna shovel.
You say you want it all.
But baby that's tough.
I know you really need me,.
I know you think you care.
Well maybe one day baby.
There's a chance that I'll be there.

You say you're gonna push.
You say you re gonna shovel.
You say you want it all.
But baby that's tough.
I know you really need me,.
I know you think you care.
Well maybe one day baby.
There's a chance that I'll be there.

You're hotter than an oven.
So roll over please.
I think I'll let you rock me.
Oh baby please, please, please.
But baby when we touch too much.

But baby when we touch too much.
But baby when we touch hmmm too much.
But baby when we touch hahaha too much.
But baby when we touch too much.
But baby when we touch too much.
But baby when we touch too much.
